Completes Second Voyage to America Tying Up at New London Wharf

ARRIVED AT MIDNIGHT

Start From Germany Was Delayed By Accident—Merchant Submarine Carries Large Cargo of Valuable Chemicals and Medicines—Sister Ship Bremen Believed to Be Lost

(Associated Press Telegram)
New London, Nov. 1.—Germany's first commercial submarine, the Deutschland, arrived here early today, completing her second voyage through the warships of Great Britain and France on both sides of the Atlantic. Under Captain Paul Koenig, who was in command during her first trip to Baltimore, the Deutschland left Bremen on October 19 and tied up at the wharf prepared for her at 2:35 o'clock this morning.

The German submarine entered the lower harbor shortly after midnight, coming in by the Race at the entrance to Long Island Sound. For several weeks the Eastern Forwarding company, agents for her owners, had a tug each night off Monauk Point ready to meet the Bremen, but the tug was withdrawn some time ago. It was evident that the forwarding company had some warning of the Deutschland's arrival, however, for a tug was engaged and Captain F. Hirsch of the company, accompanied by the health officer, steamed out to meet the submarine. The North German Lloyd steamer Willehad, which had been at her dock here for a number of weeks, awaiting the arrival of a German submarine freighter, let her searchlight play on the water, marking the path by which the Deutschland traveled to her wharf.

Captain Koenig said that he had expected to leave Bremen on October 1, but that his boat was injured in a collision and forced to put back for repairs, which delayed her sailing for ten days.

The captain and the crew of 25 men were in excellent health and high spirit over the success of their second venture. The Deutschland carried clearance papers for "Baltimore or any Atlantic port."

The boat was no sooner moored than she was screened from sight by a pontoon carrying a high fence. Her crew went on board the Willehad where quarters were awaiting them.

A score of negro stevedores were sent aboard the Willehad in readiness to begin bringing out the cargo of the submersible at daylight or as soon as James McGovern of Bridgeport, collector of customs for the Connecticut district had given the necessary permission.

Captain Koenig said that except for unusually rough weather the trip across had been uneventful. The Deutschland's cargo is said to consist mainly of chemicals and medicines.

While New London has been expecting the arrival of a German submarine for some months, the Deutschland's appearance was a surprise, except to officials of the Eastern Forwarding company here. The American agents of the German line of submarine merchantmen the Deutschland appeared off eastern points after midnight and anchored. A heavy fog lay over the harbor. The T. A. Scott Wrecking company, sub-agents of the Eastern Forwarding company, sent its tug, T. A. Scott, Jr., which towed the craft to the special berth at the Forwarding company's wharf alongside the North German Lloyd liner Willehad.

Captain Koenig pleaded to newspapermen that he was too tired to talk but promised a statement later in the day.

Following rumors many days old, off-repeated, the Deutschland made its first appearance in American waters at 1:45 in the morning of July 9, when it was the victim of a strange looking craft was seen by a pilot boat as she slipped into Chesapeake Bay, after running the gauntlet of cruisers standing guard off the Virginia Capes. Her voyage of approximately 4,100 miles, made without a stop at any port, established a record for craft of the kind.

The Deutschland was soon after picked up by the tug Timminis which had been at the Capes several days awaiting her arrival, and conveyed up the bay to Baltimore, where she dropped anchor that night. On the first trip she brought a cargo of desulfur, the value of which was estimated at from \$500,000 to \$1,000,000.

The arrival of the Deutschland at Baltimore created a new diplomatic problem. Was the ship, owing to its submarine characteristics, to be classed as a warship or as a peaceful merchantman? The American government at once sent naval experts to Baltimore to investigate. Captain Koenig afforded the government officials every facility and they made a thorough inspection of the craft. The investigation resulted in the verdict that the Deutschland was a peaceful and unarmed merchantman incapable of conversion for warlike purposes without extensive structural changes.

Representatives were made to the state department by the British and (Continued on Page 2, Col. 4.)

Miss Virginia Mackey-Smith.

An overzealous American navy censor, stationed at the Sayville wireless station, is blamed for the temporary wrecking of an international romance, involving Captain Boy-Ed, the German naval attaché recalled at the request of President Wilson, and Miss Virginia Mackey-Smith, daughter of the late Bishop Alexander Mackey-Smith. The attaché asked permission of the censor to marry the American girl, and the latter's reply, "His Majesty has graciously granted your request to marry," looked too much like code and was held up by the censor.

PEACE

IS DESIRED SAYS MR. HUGHES BUT AMERICA MUST KEEP SELF RESPECT.

Nation Evokes Only Contempt if Rights are Not Firmly and Consistently Maintained.

(Associated Press Telegram)
Sullivan, Ind., Nov. 1.—Charles E. Hughes, today declared in an open air address here that while the United States does not wish war, it proposes to maintain its self respect. "The American people have realized at this time in our history it is very important that there should be no question of the attitude with respect to the maintenance of American rights," Mr. Hughes said. "We desire peace, but we desire an honorable peace. We do not wish war, but we propose to maintain our self respect."

"We know perfectly well that there is no future for the country unless we enjoy the friendship of the world. You evoke only contempt if you do not maintain firmly and consistently your rights. There is no living peace for a decadent people."

Mr. Hughes said that he was sure the American people were coming to their own conclusions with respect to the various claims made in the campaigns, and that in the long run the American people do not make mistakes.

"The American people are realizing, and I believe are coming swiftly to a judgment that this country will need a basis of prosperity that is not to be found in an European war," he said. "We know perfectly well that at this time we are in a very unhealthy condition. You are interested very largely in farming. When I was governor of New York there was nothing to which I gave greater attention than the development of our agricultural activities, and if I am elected president I propose to do all in my power to promote the interests of agriculture."

"It is perfectly idle, however, for anybody to say that he is a friend of the development of agriculture in this country, when he framed an Underwood bill which puts most of our agricultural products on a free list or on such a low rate of duty as not to furnish our farmers with the protection to which they are entitled. We have got to have a basis in this country for the development which they need."

MINER WAGES ADVANCE

(Associated Press Telegram)
Fairmont, W. Va., Nov. 1.—Then thousand bituminous coal miners in this region were today officially notified that their wages had been advanced ten per cent., the increase to become operative at once. The new scale was decided upon at a meeting of a five central West Virginia coal operators association held here last night and was without solicitation on the part of the miners.

SUCCESS

Claimed For Both Germans and Rumanians on Frontier Battle Line

RUSSIANS ARE REPULSED

Five Successive Assaults By Slavs In Drive Toward Lemberg Broken Down With Heavy Losses—French Succeed and British Fail In Attacks On Somme Front Last Night

(Associated Press Telegram)
London, Nov. 1.—Important successes for both the Teutonic and Rumanian armies are claimed in today's dispatches relative to the fighting along the Rumanian-Transylvanian frontier.

Official Berlin announces an Austro-German victory southwest of Kronstadt where Rumanian positions west of the Preddeal road have been captured, together with ten cannon and seventeen machine guns. Southeast of Rothernthurm pass also, Gen. Falkenhayn's troops are reported to be making progress.

Reports of the Rumanian successes are unofficial based on a Bucharest dispatch received in Rome. It declares the Austro-German forces have retired from the region of Campulung in Northern Rumania, pursued over the frontier by Rumanian troops, which wiped out four hostile battalions.

Further Russian attacks on the troops of Prince Leopold defending the approaches to Lemberg have been repulsed, Berlin declares.

It records heavy losses for the Russians in five successive assaults on the positions recently won by the Germans along the easterly bank of the Naraynka.

On the Somme front there has been a renewal of intensive fighting. The French again exerted pressure near the point of the entente wedge into the German lines between Sailly-Saillies and Les Boeufs, advancing last night, according to Paris reports they were defeated there in a "violent engagement."

In Macedonia, on the Struma front northeast of Saloniki, British troops have pushed further into the Bulgarian lines, capturing the village of Barakli-Azuma, according to Paris today. Three hundred prisoners were taken by the British.

The Bucharest official report on the campaign along the Transylvanian front declares that in the Jini valley where the Austro-German forces have been falling back for several days, the Rumanians are continuing the pursuit and have captured more than 600 men and large quantities of war material.

Petrograd's official statement concedes Teutonic gains south of the Rothernthurm Pass region, where Berlin announces progress, the Russian war office reporting the occupation by General von Falkenhayn's troops of villages about a dozen miles south of the border, from which the Rumanians retired.

In the Galicia the Russian official statement admits superior Teutonic forces pressed back the Russians in the region of Brzezany in one sector of the front where heavy fighting is in progress.

DOCTOR IS SHOT BY HALLOWE'EN CROWD IN ROAD

(Associated Press Telegram)
Mount Vernon, O., Nov. 1.—Dr. Ernest V. Ackerman, a prominent physician at Fredericktown, near here, was shot last night as he was driving home. Halloween celebrators had built a barrier across the road and the doctor was removing it in order to drive past when the shot was fired. The bullet lodged in his head back of the left eye. He was taken to Columbus for surgical treatment.

GREEK STEAMER SUNK

(Associated Press Telegram)
Berlin, Nov. 1.—(By wireless to Sayville.)—Thirteen men were drowned when the Greek steamer Angliki was sunk by a German submarine seven and one-half miles off Piraeus last week, according to an Athens dispatch to the Overseas News Agency.

The steamer was bound for Saloniki with 300 volunteers for the Venizelos army on board.

FIRST SUBMARINE MERCHANTMAN COMPLETES SECOND OCEAN VOYAGE; LANDS AT NEW LONDON WITH COSTLY CARGO

Unusual precautions have been taken to safeguard the undersea merchantman at New London. A "pen" formed by the pier on one side, the shore on another, the steamship Willehad on the third and a board fence built on pontoons the fourth, keeps all curiosity seekers from the vessel. Her return cargo of rubber and surgical supplies is already on the pier.

German Ambassador Asks His Government For All Details of Sinking of Marina.

(Associated Press Telegram)
Washington, Nov. 1.—Secretary Lansing authorized a formal statement today that the progress of the political campaign would in no way affect the investigation of submarine attacks and that there had been no change in the United States government's policy.

Meanwhile Count von Bernstorff, the German ambassador sent a wireless dispatch to his government asking that he be furnished immediately by wireless with all the details available regarding the sinking of the Marina.

Secretary Lansing's statement follows: "The fact that a political campaign is in progress will in no way affect the practice of the department in negotiating and in making full investigation of cases of this sort. We shall do it as we always have with as much celerity as possible."

"I wish also to make another statement on a matter which has been brought to my attention. The question has been raised as to whether the policy of the President or the department in regard to the submarine warfare since the Sussex was sunk has been changed. I wish to say emphatically that there has been no change in any particular."

Secretary Lansing made it plain also that no decisive action would be taken until Germany had had opportunity to reply to the inquiry for her version of the attacks on the Marina and Rowanmore. The instructions sent to the embassy at Berlin were said to ask for an investigation by Germany and not for an explanation. It was not meant to indicate that the United States believed that it had any proof that Germany had violated her pledges.

No affidavits of American survivors have yet been received, but are expected to be in shortly. The department has requested that they be called immediately.

Officials of the German embassy seemed inclined today to regard this as being one of great seriousness, should it be proven that the Marina was attacked in violation of the pledges given to the United States. At the same time it was made clear that Count von Bernstorff does not believe the pledges have been violated.

The ambassador will not call on the state department until he receives a reply to the message sent by his government, unless he should be called in by Secretary Lansing.

MINERS

LEAVING JOBS BECAUSE CAR SHORTAGE MAKES REGULAR WORK IMPOSSIBLE.

Use of Cars in Steel and Iron Trade and for Crops Said to Cause Scarcity.

(Associated Press Telegram)
Columbus, Nov. 1.—There appeared to be no relief in sight today for the coal shortage situation in Ohio and many factories over the state were reported to be operating on a hand-to-hand mouth on coal supply.

In an effort to get their cars back on their own lines in the coal fields, some of the railroads were reported to have placed an embargo on coal and cars to some of the transcontinental railroads. As a result some of the Ohio coal dealers reported that they were buying coal from Indiana and Illinois for delivery on out of the state contracts.

It was reported that in the Pittsburgh district, coal cars are being used for the transportation of iron and steel to the seaboard and that in Michigan such cars are being used to handle the sugar beet crop.

Should the car shortage continue, operators and dealers say the price of soft coal may reach \$10 a ton this winter.

The city of Columbus will not permit its municipal water works plant to be shut down by reason of the inability of the railroad companies to deliver coal because of the car shortage. Jerry O'Shaughnessy, superintendent of the water works announced today.

"We have only two days' supply on hand," said O'Shaughnessy and if the railroads do not deliver coal under contract we will go out and confiscate coal on the tracks in this city.

Ohio coal operators not only face a car shortage but a labor shortage which is becoming serious. Fred W. Bragins head of the Lorain Coal and Coke company, one of the largest operators in Eastern Ohio said today.

Bragins said the miners were leaving the coal mines because of lack of work due to the car shortage and going into the mills and factories to work.

The Lorain Coal and Dock company is now running about 25 per cent of the normal operation. "Our normal output is 160 cars a day and during the last week we have been getting only from 12 to 60 cars a day," said Bragins. "We are doing our best to fulfill our contracts."

Bragins said the investigation of the utilities commission in his opinion will not reveal a great deal of coal on cars. "Many of the cars are being used to ship steel and other products over the country instead of being returned empty to the mines," he declared.

Inspectors for the state utilities commission are investigating the situation. It will probably be a week or ten days until a report is formulated, it was said today.

NO SUPPLY SUPPLY

(Associated Press Telegram)
Wilkes-Barre, Pa., Nov. 1.—According to a statement issued today by the anthracite bureau of information which is maintained by mining companies in the hard coal fields, the production of anthracite from April 1 to Sept. 30 this year was 2,977,000 tons less than in the corresponding months of 1915. This decrease the statement says, has been due almost entirely to the shortage in the labor supply.

Storage yards, which usually contain several million tons, have been entirely depleted.

ADDRESSES SHOE WORKERS.

(Associated Press Telegram)
Johnson City, N. J., Nov. 1.—When President Wilson's special train passed through here today the Executive was greeted by thousands of the employees of a shoe company which recently established the eight hour day. Perched on railroad cars and buildings, and massed in the freight yards, the workmen and their families repeatedly applauded the President who shook hands with many persons. Alluding to the firms action in effecting an eight-hour day as an indication of a spirit which diminishes feeling between capital and labor, the President said:

"I want to express my regret that I was not able to be here last Saturday to celebrate what I think was a very significant thing, the action of the firm of Endicott, Johnson & Company, in giving its employees eight hours, not only for the reasons that are generally given but also for better reasons, because they regard the men and all their employees as members of the same business family with them. If that sort of feeling existed everywhere there would be no question between capital and labor. I want to congratulate you upon living under such auspices and tell you how very much obliged to you I am for this enthusiastic welcome."

Binghamton, N. Y., Nov. 1.—President Wilson today entered on the final stage of his campaign for re-election. Passing through here today en route to Buffalo for his first speech of the campaign in New York state he was greeted by a large crowd at the station. He shook hands with as many persons as possible. So busy was he kept in carrying out this formality that when his cap fell off once a secret service man put it back on.

The President will speak three times in New York City tomorrow. With him on the trip are Mrs. Wilson, Miss Margaret Wilson, Miss Helen Woodrow Bones, Secretary Tumulty, and Dr. Cary T. Grayson, the White House physician.

MAILS

May be Carried Between Germany and America on the Deutschland

PROPOSAL IS ACCEPTABLE

Question Was Under Consideration When Undersea Boat Arrived On First Trip But She Departed Before Negotiations Were Completed—Capt. Koenig Reports to Von Bernstorff

(Associated Press Telegram)
Washington, Nov. 1.—The post-office department is prepared to accept a proposal, submitted by Count von Bernstorff, the German ambassador, that mails between this country and Germany be transported in merchant submarines. Announcement was made today by Otto Praeger, second assistant postmaster general.

Captain Paul Koenig commander of the Deutschland today officially reported his arrival at New London to Count von Bernstorff, the German ambassador saying that he had brought the embassy a packet of dispatches from Berlin. A number of the dispatches are believed to be duplicates of those supposed to have been lost with the Bremen.

Dr. George Ahrens, an attaché of the embassy was sent to New London as the personal representative of the ambassador who will follow later.

It is believed here that the Deutschland will start on her return trip possibly next week with medical supplies urgently needed by the German military forces.

The arrival of the Deutschland has established the probability of regular submarine mail service between the United States and Germany. Soon after the Deutschland arrived at Baltimore on her first trip, representatives of the owners, through the German ambassador officially suggested to the postoffice department that such a service be established.

Aprior for this service in excess of the regular mail rate was mentioned in the correspondence. In subsequent negotiations the owners agreed to transport mails at the regular trans-Atlantic rate.

By the time the concession had been made, however, the Deutschland had sailed for home.

Establishment of a regular mail service by submarine undoubtedly would have a great effect upon exchange between the United States and Germany and furnish American business interests with connections in Germany which means of doing business directly as well as avoiding British censorship and seizure of securities.

AUSTRALIA WILL FURNISH WHEAT FOR AMERICANS

(Associated Press Telegram)
San Francisco, Nov. 1.—To take advantage of the high price of wheat in the United States, Balfour, Guthrie & Company, announced today that they intend to ship large quantities of cereal from Australia, where it is said, this year's crops have been unusually heavy.

The announcement was made following the report that the four masted schooner Snow and Burgess had been chartered by a San Francisco firm to bring a cargo of wheat from Melbourne to San Francisco. This it is said, will be the first wheat cargo to be sent from Australia to California.

COURT DECISION DEFINES CLAUSE IN FIRST POLICY.

(Associated Press Telegram)
Charleston, W. It was also held that items need not be distinguished as to cash or credit sales. The decision sustained that of a lower court in the case of a merchant against a fire insurance company.

HIGH COST OF DOUGHNUTS IS THE NEXT JOKE

(Associated Press Telegram)
Chicago, Nov. 1.—The lowly doughnut has succumbed to the high cost of living in Chicago. In many of the downtown cafeterias where three doughnuts heretofore could be had for five cents, only two were served today.

The explanation offered for the higher price is that flour and lard have advanced so much that the profits have disappeared.

In addition to the increases in the more staple items at nearly all of the higher priced restaurants a cover charge of ten cents has been added to meet the rise in the cost of bread and butter.

NEWARK GIRL GETS AN OFFER FROM CHICAGO

Miss Georgia Davis, daughter of Mr. and Mrs. Davis, of Western avenue, who for the past several years has been appearing in leading cabarets and vaudeville houses, throughout the United States, has attracted the attention of Menlo Moore, Chicago producer, who has made a substantial offer to join his latest musical comedy, now rehearsing in Chicago.

The "Joy Riders" is the name of the show which will soon be ready for the public's approval, and which will open in New York a few days ago. Miss Davis received a wire from Mr. Moore asking her to go to Chicago to join the "Joy Riders" and naming his terms. The Newark girl is thinking seriously of accepting the offer and in addition may secure more local talent for the production.

DEUTSCHLAND

(Continued from Page 1.)
French embassies setting up the claim that the submarine was positioned at a warship, even though designed and used as a merchant vessel. The very nature of the construction of a submarine, it is held, made it impossible for such craft to comply with the requirements of international law. She could not be stopped and searched, and the representatives of the entente allies asserted, must be regarded as an enemy warship subject to destruction on sight.

The state department, however, formally ruled on July 15, that the submarine was entitled to all the rights and privileges belonging to a merchant vessel flying the flag of a belligerent country in a neutral port.

Captain Koenig and men were lavishly entertained during their stay at Baltimore and the crew made a brief trip to Washington.

After remaining in United States territorial waters about three weeks, the Deutschland, heavily laden with a cargo of rubber and nickel, dived away from her pier August 1, and under her own power sailed from Baltimore, on her homeward journey. American warships maneuvered outside the Virginia capes to guard against possible violation of American neutrality. The caps were reached the following night with only the faithful tug Timmins and a newspaper boat in the vicinity.

The vessel arrived at the mouth of the Weser river on the afternoon of August 23. There was great rejoicing throughout Germany, and Captain Koenig was ordered to Berlin to make a personal report of his trip to Emperor William.

While no definite announcement of the Deutschland's leaving Bremen on a second trip was made, reports persisted during the last few days that she was again on her way to an American port. Several times, it was rumored that the Deutschland had either been sunk or captured.

The first intimation of the near approach of the Deutschland came at 12:05 o'clock when she was picked up by the searchlight of the government dredge Atlantic, which was working off Eastern point. The Atlantic sent the news by wireless to the U. S. Navy, and the company who made arrangements to meet the submarine with the tug T. A. Scott, Jr. On board the tug were Captain F. Hinch of the Eastern Forwarding company; Dr. E. C. Chipman, city health officer; Dr. R. E. Black, health inspector and Jeremiah Dillon, connected with the local customs office.

As the tug drew near, Captain Koenig shouted a welcome and invited the party to come aboard. He said his crew, four officers and 25 men, were in excellent health. Permission accordingly was given to proceed to the dock. All but two of the crew were on the Deutschland on her first trip.

Officers of the forwarding company were reticent as to the details of the trip.

A return cargo for the Deutschland consisting mainly of crude rubber and surgical supplies, valued at more than \$700,000, has been ready on the pier or the Eastern Forwarding company for several weeks.

This cargo, made up in small packages, is stored in a shed of corrugated iron 100 by 25 feet built at the waters edge on one of the new state piers recently completed and leased by the Eastern Forwarding company for an indefinite period.

The Deutschland is securely berthed here. The North German Lloyd steamship Willhad is made fast to piling at a distance of about 50 feet from the pier and against the New London bank of the Thames river, and in such position that with the ship on one side, the pier on the other and the bank at one end, an open water space 50 by 325 feet is made enclosed on three sides. To complete the enclosure a floating gate built on pontoons is made fast to a piling set at the bow of the Willhad.

Guarded from the crew of the Willhad and private detectives employed by the company, the cargo is being unloaded.

Important Announcement Made to Smokers

High Quality of San Felipe Cigars Maintained. Now Sell at 5c Straight.

Owing to the greatly increased cost of quality tobaccos, in fact everything pertaining to high grade cigars, the makers of the San Felipe cigar, The Delsol-Wentner Company, have advanced the selling price to the Jobbers and Dealers, and henceforth this cigar will positively be sold to the consumer at 5 cents straight instead of six for a quarter as previously.

The SAN FELICE is national in its scope and character, having justly attained this eminence through its unexcelled excellence. To maintain this unequalled standard of quality, the advance in question is absolutely unavoidable. The generous support of all men using quality cigars is earnestly desired.—Advertisement.

by the company keep all visitors at a distance. To prevent the submarine being reached by warships from under the piers, the piling directly around the reserved space is heavily wired and the wires electrically connected with an alarm gong in the office of the company. The building of the pier shed and the assembling cargo that will be loaded aboard the Deutschland for her return trip was done in great haste after the departure of the Deutschland from Baltimore on her first return voyage. A large force of men was engaged for the construction work, the activity continued day and night until the buildings were completed. Almost before the roof was in place the cargo began to arrive. It was announced at the time that a sister submersible, the Bremen, was momentarily expected and it was presumed that the preparations were for this vessel.

The bringing of the German steamer Willhad from Boston to act as a mother ship for the merchant submarines was accomplished without incident, although the ship, at one time, according to her officers, dared the possible watchfulness and presence of enemy cruisers by venturing outside the three-mile limit.

Captain Hirsch, formerly master of the North German Lloyd steamship Nekar, now at Baltimore, is stationed at New London as port captain for the Eastern Forwarding company.

The Deutschland, has a cargo of 750 tons of dyestuffs, medicines and chemicals. A gang of stevedores was prepared to move the cargo but permission has not been granted by the customs officials.

Neither Captain Koenig nor Captain F. Hirsch of the Eastern Forwarding company were communicative as to details of the trip across the Atlantic but they promised to see newspapermen late in the afternoon. They pleaded that they were too busy with details of the unloading.

Crowds thronged the dock during the forenoon in the hope of getting a glimpse of the craft but they were disappointed. The submarine is so well berthed in her pier, that not even her masts show. Policemen and detectives kept the crowd moving.

On her trip of 21 days to this country the Deutschland submerged only 120 miles near the English coast. If the crew saw any British or French warships on her trip, Captain Koenig would not admit it. "At any rate they did not see us," he is quoted as saying.

With Paul Hilken, an official of the Eastern Forwarding company, Captain Koenig paid a visit to the customs officers at noon and entered the arrival of his craft with James L. McGovern, collector of customs. A crowd near the customs offices gave the captain a rousing cheer which he acknowledged by doffing his hat. Many grasped his hands with congratulatory words.

Within a few days it is expected the Deutschland will officially enter her cargo. The value of the cargo is said to be \$2,000,000.

Neither Captain Koenig nor his officers asked any questions concerning the submarine Bremen. The officers of the Deutschland, it is understood, were aware of the presence of the armed German submarine U-53 in American waters recently. They had not heard, however, that she arrived in Germany safely and were plainly pleased at the tidings.

When the submersible poked her nose into the harbor in a blanket of fog she did not take a pilot aboard. Captain Koenig said the harbor here is especially adapted for his kind and he believed that if necessary he could safely submerge at the dock and leave the harbor without any one knowing it.

A short time after the Deutschland had docked her crew began pumping seventy-five tons of oil into her hold from a large tank at a siding near the pier.

TWO KILLED, OTHERS HURT WHEN AUTO HITS BRIDGE RAIL

(Associated Press Telegram)
Cleveland, Nov. 1.—Two persons are dead, a third perhaps fatally injured and a fourth slightly injured as the result of an auto accident near the Rocky river bridge early this morning, when an auto in which five persons were riding crashed into an iron railing guarding an embankment.

Anna Murray, 19, was instantly killed in the accident and Gilbert Montague died of a fractured skull shortly after being removed to a hospital. Irene O'Boyle, 19, is suffering from a broken jaw and possible fatal injuries and William Hart, the fourth victim of the accident sustained slight injuries.

The driver of the machine escaped unhurt.

GEO HUFF DIES SUDDENLY OF HEART TROUBLE

George Huff, aged 73 years, a roomer at the home of Mrs. Alice Dennis, First and Church streets, was found dead in bed this morning shortly after 9:00 o'clock. A physician was called and death pronounced as due to heart failure. Funerals arrangements will be announced later.

This morning when Mrs. Dennis went to Mr. Huff's room to call him, she received no response to her summons. Going into the room, she found the aged man dead in bed. A physician was called but Mr. Huff had been dead several hours.

An effort was made to locate Coroner W. L. Jackson and when this failed Chief Sheridan was notified. The chief hurried to the Dennis home in the patrol wagon and made an investigation. He found that death was due to the cause assigned by the physician.

According to Mrs. Dennis, Mr. Huff retired last night about 10:30 o'clock. Aside from a slight cold which he contracted several days ago he apparently was in good health when last seen.

Central Powers Occupy Villages In Transylvania

(Associated Press Telegram)
Petrograd, Nov. 1, via London.—Austro-German forces have occupied the Rumanian villages of Racovitza and Titecht, about 11 miles south of Rothenthurn Pass on the Transylvanian frontier, according to today's Russian official statement. The Rumanians "retiring a little to the south."

Jury Finds Rose Guilty of Murder In Second Degree

At the murder trial held in Mountville, W. Va., yesterday, Richard Ross for the murder of Rubie Porter on August 15, the jury brought in a verdict of guilty or murder in the second degree.

The man killed was a brother of Howard Porter of 53 Spring street, this city. After the verdict of guilty rendered yesterday, an application was made for a new trial. The verdict carries a sentence of from 5 to 18 years in the penitentiary.

OHIO TROOPS WILL BE MUSTERED OUT IN INDIANA CAMPS.

Columbus, Nov. 1.—Ohio troops will be mustered out at Fort Benjamin Harrison, near Indianapolis, and not at Camp Perry, according to word received today by Acting Adjutant General Bryant from Major General Thos. H. Barry of Chicago, head of the central division of the regular army.

Major General Barry's orders gave no intimation as to when the Ohio troops would return. After Camp Perry was abandoned it was generally believed the muster out would take place at Camp Perry. Fort Benjamin Harrison is said to be better equipped for the purpose. Indiana troops will be also mustered out there.

SUFFERED FROM BACKACHE, RHEUMATISM, DROPSY.

Dear Mr. Editor—I wish to tell you of a recent experience I had when suffering from backache, weak back, rheumatism, dropsy, and congestion of the kidneys. I tried a new medicine called "Anuric," which has recently been discovered by Dr. Pierce, of whose medicine and Surgical Institution in Buffalo, N. Y., you have no doubt heard for years. This medicine acted upon me in a wonderful manner. I never have taken any medicine so helpful in such quick time. I do wish anyone in need of such a remedy would give it a trial.

(Signed) G. H. HEAS.

NOTE: Folks in town and adjoining counties are delighted with the results they have obtained by using "ANURIC," the newest discovery of Dr. Pierce, who is head of the LEXINGTON HOSPITAL and SURGICAL INSTITUTION, in Buffalo, N. Y. Those who started the day with a backache, stiff legs, arms and muscles, and an aching head (worn out before the day began because they were in and out of bed half a dozen times at night) are appreciating the perfect rest, comfort and new strength they obtained from Dr. Pierce's Anuric Tablets. To prove that this is a certain uric acid solvent and conquers headache, kidney and bladder diseases and rheumatism. If you've never used the "Anuric" eat this out and send ten cents to Doctor Pierce for a large sample package. This will prove to you that "Anuric" is thirty-seven times more active than lithia in eliminating uric acid—and the most perfect kidney and bladder corrector. If you are a sufferer, go to your best druggist and ask for a 30-cent box of "Anuric." You run no risk for Dr. Pierce's good name stands behind this wonderful new discovery as it has for the past half century for his "Golden Medical Discovery" which makes the blood pure, his "Favorite Prescription" for weak women and "Pleasant Pellets" for liver ills.

ALL SAINTS DAY AT ST. FRANCIS DE SALES CHURCH

Large congregations attended mass at six, seven and eight this morning in St. Francis de Sales church. This evening there will be a feature in the service on the nature, number, functions and power of the angels and saints. Tomorrow will be All Saints' day.

Since the war began the Pope has given permission to the priests of the church to say three masses for the repose of the souls of the faithful departed with special remembrance of those killed on the battlefields. It is computed that there are over 100,000,000 soldiers and sailors who have been killed in action or while striving to win a cause.

All our souls were lost, and we are because that help us to the celebration of these war festivals there would be no more to be fought. As it is said by P. M. Gibbons today, it looks as if the spirit of Satan is eager to conquer if the 100,000,000 are not to die and be lost.

FOOT IS CRUSHED UNDER WHEELS OF FREIGHT CAR

James Smith, aged 19 years, a Bohm Court, employed at the Baltimore and Ohio Shops, yesterday afternoon had his right foot badly crushed under the wheels of a freight car at the "scale track." He was taken in Bader's ambulance to the Sanitarium where it was found that in addition to the foot being crushed a bone in the right ankle had been fractured.

Hospital attendants do not believe that an amputation of the foot will be necessary. His condition this afternoon was reported improved.

JURY ACQUITS COPELAND AFTER 84 HOURS' WORK

(Associated Press Telegram)
Galveston, Nov. 1.—John Copeland, charged with the killing of William Black, an anti-Catholic lecturer, was found not guilty by a jury in the district court here. The jury had deliberated 18 hours.

Black was shot in his room in a hotel at Marshall, Tex., Feb. 3, 1915, while Copeland, cashier of a Marshall bank, and other men were calling to ask him to cease lecturing in the town.

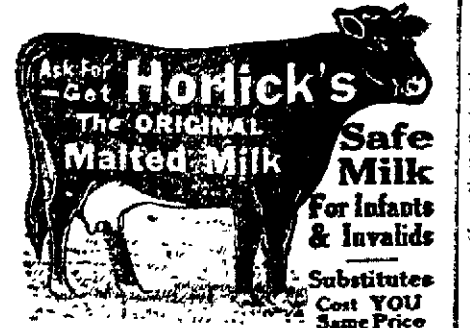

Whether the state will insist upon trial of George Ryan and George T. R. both also charged with murder in connection with killing of Black, probably will not be known until the December term of court. Ryan's trial was to have followed Copeland's and T. R.'s was set for November 8.

JOBBERS COME DAILY TO AGREE ON FOOD PRICES.

(Associated Press Telegram)
Chicago, Nov. 1.—Dramatic action will be taken in the federal investigation of the soaring prices of food products, it was announced today by Charles F. Clark, United States district attorney.

Mr. Clark said he had information to the effect that jobbers in Peoria, Springfield and East St. Louis hold daily conversations over long distance telephones and six prices of foodstuffs in Illinois.

"We are informed also," Mr. Clark said, "that these jobbers control prices on foods throughout Ohio, Missouri and Iowa."

The first apple butter of the season

—Taste its delights again tonight!

Will you ever forget apple butter time on the old homestead? Every face expectant, eager, every mouth fairly watering as mother brought out a big crock of this rich, golden-brown delight! That week willing hands had gathered the soundest and tarest of rosy-cheeked apples, piled them high on the vine-covered back porch, and—

You remember it—how each apple was carefully peeled and sliced; how mother exercised all her skill in a wonderful blending of sugar and spices; and how under her vigilant watching, it was stirred and stirred in a big, shiny copper kettle to just the right taste and consistency. And then what a feast there was, everyone munching brown-crust bread generously spread with rich apple butter—the first of the season!

How often have you just “hankered” for the taste of that old home apple butter? How many times have modern apple butters disappointed you? The minute you taste Lippincott Apple Butter you’ll realize you have found it at last. And no wonder! Just consider how Lippincott Apple Butter is made—

And we make it in a bright, spotless factory-kitchen where those good old-fashioned standards of honesty and purity prevail, amid clean, wholesome surroundings, by clean, wholesome people.

Order a trial jar now—enjoy again the old home taste you’ve hankered for.

We follow a famous recipe used on an old New England homestead for over fifty years. We use nothing but the choicest and tarest of apples, the most fragrant of spices, and the purest of white granulated sugar.

Wilson a Favorite.

The majority of railroad men in Newark, who belong to the four great brotherhoods, really wanted no strike last September, but they were loyal to the principles which have been advocated by these orders.

When President Wilson signed the bill which prescribed an eight-hour day for the men, who day in and day out really "railroad" (and not sit in an office and do what most of which could be done by adding machines), he struck a common chord with them and lined himself up not only with the railroad brotherhoods, but with union labor in general.

Newark is known as the best organized city in Ohio, as to labor employment, and it is no wonder that the Wilson sentiment is general here.

Congressman W. A. Ashbrook voted for the Adamson law advocated by President Wilson, and will receive practically the unanimous vote of railroad employees in Licking county.

Union laboring men are for Wilson, Pomerene and Ashbrook.

At last we have it. Walter Brown is in charge of the distribution in Ohio, and is at work. He expects to bring Roosevelt in a tour across the northern tiers of counties. We cannot refrain from wondering whether he will issue such statements as he did in the campaign against Harmon, when conducting Roosevelt. Harmon swept the state, which action on the part of the voters inspired from Governor Harmon's manager the telegram to Roosevelt which said: "In every place you spoke Mr. Harmon's majority has been increased. Come again." The Republicans in Ohio, who remained regular when Brown followed Roosevelt in the destruction of the Republican party, are wondering where they will stand if Brown should be successful in judiciously placing the fund now at his command.

The big development of last week before the campaign close was the certainty that Senator Pomerene would be re-elected. The last week's slide against Herrick occurred when it became known that great amounts of money were still being spent in his behalf and that many bankers had turned their office forces over to campaign work for him. The big feature behind Herrick's campaign has finally developed as a desire of the Wall Street crowd for repeal of the Federal Reserve Banking system and the substitution of one great bank in Wall Street for control of the money market.

Mr. "Peck" Pfeiffer, who operates a cafe at the Ruchter corner, had a prominent seat on the stage with Governor Willis at the Republican meeting held in Music Hall last Monday night. It is said that Mr. Pfeiffer is expected to see that a large part of the west end vote is "delivered" next Tuesday.

Republican speakers in their frenzy in the last week of the campaign are verging very close to treason in their attacks upon our American president and his American policies.

Should Supreme Court be a Stepping Stone to White House?

The supreme court of the United States is and should continue to be far above party politics. No man should ever be appointed to a seat upon that great tribunal to pay a political debt and men who are given that high honor should not consider the fate of party in any decision.

But what if the supreme court is to be made a stepping stone to the presidency?

Thirty minutes after Charles E. Hughes resigned as justice of the supreme court he delivered a "stump speech" in the form of his acceptance of the Republican nomination for the presidency and in all of his speeches since that day he has resorted to criticism of President Wilson who in turn has maintained a dignified silence. Mr. Hughes has a right to criticize the Wilson administration and his criticism if constructive would be welcome but he has "knocked" without suggesting a remedy. He has torn down but has done no building. He has claimed everything is wrong but has failed to say what he will do, except to dwell on a few generalities that mean little.

Suppose Mr. Hughes' methods should win. Suppose that another justice of the supreme court should aspire to the presidency. Would he be tempted to consider the political effect of a decision upon important matters brought before the supreme court?

Supreme judges are human like the rest of us and it matters not how honest or how conscientious a man might be if he has the presidential bee buzzing about him he might be tempted to consider the political effect of his actions as a judge.

The supreme court should be far above party politics. Let's not make the supreme bench a stepping stone to the White House. It is honor enough for a man to be made a supreme justice.

Presidential Paragraphs

IF BACK HURTS BEGIN ON SALTS

Flush the Kidneys at once when Backache or Bladder bothers—Meat forms uric acid.

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well-known authority. Meat forms uric acid which clogs the kidney pores so they sluggishly filter or strain only part of the waste and poisons from the blood, then you get sick. Nearly all rheumatism, headache, liver trouble, nervousness, constipation, dizziness, sleeplessness, bladder disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts, or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, get about four ounces of Jad Salts from any reliable pharmacy and take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia and has been used for generations to flush clogged kidneys and stimulate them to activity, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder disorders.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink which all regular meat eaters should take now and then to keep the kidneys clean and the blood pure, thereby avoiding serious kidney complications.

HAVE DARK HAIR AND LOOK YOUNG

Don't stay gray! Nobody can tell when you darken gray, faded hair with Sage Tea and Sulphur.

Grandmother kept her hair beautifully darkened, glossy and abundant with a brew of Sage Tea and Sulphur. Whenever her hair fell out or took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect. By asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this old-time recipe, ready to use, for about 50 cents. This simple mixture can be depended upon to restore natural color and beauty to the hair.

A well-known downtown druggist says everybody uses Wyeth's Sage and Sulphur Compound now because it darkens so naturally and evenly that nobody can tell it has been applied—it's so easy to use too. You simply dampen a comb or soft brush and draw it through your hair, taking one strand at a time. By morning the gray hair disappears; after another application or two it is restored to its natural color and looks glossy, soft and beautiful. This preparation is a delightful toilet requisite. It is not intended for the cure, mitigation or prevention of disease.

Eceleberry-Brillhart.
Rev. R. E. Carman, pastor of the Central Church of Christ solemnized the marriage of Miss Lena M. Brillhart and Mr. Arthur L. Eceleberry on Tuesday evening, at the parsonage of the church. Mr. and Mrs. Eceleberry will reside in Seventh street the bridegroom being an employee of the B. and O. railroad company.

The members of the Whatsoever Circle of The King's Daughters will be entertained at the home of Mrs. Charles Allen, 14 North Fourth street, on Thursday evening, Nov. 21 at 7:30 o'clock.

The Rotary Club entertained with a Halloween dinner dance on Tuesday evening, which proved one of the most delightful events of the early fall season. Invitations were issued for a costume party, and every guest was en masque. The representations were varied, the costumes charming, and elicited much mirth.

The party was given in the Masonic temple, and the ball room had been arranged with a profusion of Halloween suggestions. Corn shooks formed the back ground, and pumpkins faces were fantastically arrayed. Electric lights illuminated the letters of the word "Rotary."

The dinner tables were centered with jack o' lanterns, and chrysanthemums, and the Halloween festoons were used. At each place were found handsome menu cards and an eight course dinner was served.

Limerick cards afforded entertainment and Mrs. J. Howard Jones received the souvenir, a hat pin with the Rotary emblem, for the best verse.

Following the dinner the time was devoted to Halloween games reminiscent of childhood, and dancing.

Among the dancers were: Messrs. Baker, F. L. Beggs, J. F. Callender, Ralph Davis, Carl Dayton, T. M. Edmiston, Frank Espy, Fred C. Evans, C. B. Hatch, Wilson Hawkins, George Hayden, Charles Hollander, Robbins Hunter, R. A. Hutchinson, F. L. Johnson, J. Howard Jones, L. M. Krieg, William C. Kuster, Dennis Linehan, H. L. Maddocks, W. C. Messrs. L. F. Carl, J. S. Fleek, Paul Halbrooks, William E. Hopkins, Howard Rugg, R. B. White, Al Gleichauf.

Mrs. Harry D. Hays, Mrs. W. W. Davis and Mrs. Winifred Ferguson were guests this afternoon of Mrs.

J. S. Jones, at her home, Bryn Du farm, on the Newark-Granville road. Mrs. Jones is entertaining the Women's Music Club of Granville, it being guest day.

The Trinity Sewing society will hold a musicale tea Thursday afternoon between 2 and 6 o'clock, at the home of Mrs. Wayne Collier, 288 West Church street. Mrs. Collier and Mrs. Nelson Pierson will act as hostesses.

On Monday evening, Mrs. Chas. Kinney entertained with a Halloween party. Music and games were the features of the evening. Prizes were awarded Misses Kathryn Broome, Laura Dial and Bess Taafel. At a late hour a dainty repast was served the following: Mesdames John Donaldson, Fannie Stephens, Caroline Kolb, Misses Kathryn Broome, Bess Taafel, Sue Taafel, Laura Dial, Nellie Frenier, Laura Sheese, Retna Meyers, Mattie Hagerstrand, Mary Swingle, Madeline Land.

Miss Louise Cohen entertained last evening at her home in Linden avenue, a few of her friends with a taity pulling. A delightful lunch was served later in the evening. Those present were: Dorothy Glenn, Marjorie Carr, Sylvia Devore, Alberta Emmons, Helen McMillen, Alice Welsh and the hostess.

Misses Frances Swern and Lola Barrette gave a very pretty Halloween party at the home of Miss Swern in Ash street on Tuesday evening. The house was decorated with those things typifying Halloween. The evening was spent in games and music. A contest was held in which Miss Ethel Ford and Mr. Harold Priest were the lucky ones. At a late hour a Halloween luncheon was served the following:

Misses Ethel Ford, Ada Albright, Louise Lingafelter, Mary Nethers, Lola Barrette, Thelma Swern, Frances Swern, Messrs. Merrill Larason, Harold Priest, Harold Johnson, Myron Cline, Arthur Jones, Lawrence Incho, Carl Swern and Mrs. Edgar B. Swern.

A few little friends came in costume Tuesday afternoon to spend a few hours with little Miss Alice Miller, daughter of Mr. and Mrs. W. C. Miller in Hudson avenue. The guests were Lucy Hollander, Elizabeth Corkwell, Helen Corkwell, Elizabeth Foot, Caroline Foot and Francis Kennedy.

Miss Mary Englander was the honor guest at a miscellaneous shower given Tuesday evening at the home of Mrs. George House in South Fifth street. During the evening announcement was made of the engagement of Miss Englander and Mr. William W. Jasper of Columbus, the wedding to take place this month.

Miss Englander is the daughter of Mr. and Mrs. B. Englander of Beavertown, O., and has been bookkeeper at the W. H. Mazy company in this city. While residing in Newark she has made her home with Mrs. House. Mr. Jasper is the son of Mr. and Mrs. G. W. Jasper of Hoover street, and he is located in Columbus as salesman for the Perfecto cigar company.

The guests were: Elizabeth Frye, Dorothy Wintermute, Geneva Frye, Marion Whiteman, Sarah McConnell, Mildred Ditter, Helen Weiner, Margaret Fulton, Josephine Wintermute. Those assisting during the evening were Mrs. Martha Wintermute, Mrs.

AFTERNOON GOWN OF TAUPE VELVET

This striking afternoon gown is of taupe velvet and shows the Russian tendency in what milady considers the very last thing in modern fashion. Fawn colored embroidery and sash of purple gros grain ribbon set off the gown. The bottom of the dress is short in front and longer at the side and back, permitting the skunk fur to fall gracefully around the ankles.

W. D. Fulton, Mrs. G. B. Bourne and Miss Martha Wollard.

The members of the Trinity Sewing society and their husbands were delightfully entertained with a Halloween party at the home of Mrs. Oscar Scheider in West Main street on Tuesday evening. The hours were devoted to enchanre and the events were awarded to Mrs. Homer Jones and Mrs. L. P. Franklin.

The Scheider home was beautifully arranged with Halloween decorations and the luncheon and festivities were in keeping with the holiday.

Night is the psychological time for beauty culture. It is the time for erasing the care-lines of the day, and making ready for rebuilding. It is a time of recuperation, of gaining strength, of repairing nerves.

If you want to rise with a sunny face, go to sleep with a mind freed from inharmonious. Put away all "envy, hatred and malice." Set yourself at peace with the world, yourself and your fellow men.

Take simple exercises for the relaxation of tense muscles. Don't say you are too tired, and tumble into bed with the "tired" thought. You have to breathe, whether you are tired or not. Twenty-five deep breaths will quiet nerves, start the circulation, loosen the tension of

Mr. and Mrs. John Fallon have returned from Cleveland where they were the guests over Sunday of their son Bernard.

Mrs. James Dearduff and children Edward and Mary are spending the day in Columbus.

Our Boys and Girls

It is an excellent rule to forbid the reading by your children of any story books outside the school course, except on Saturday and Sunday. The child who is fond of reading is apt to become so engrossed in a book that he will neglect exercise and study for the completion of the book.

But if a strict rule is made and enforced that no reading shall be done through the week except that which is necessary for lessons, the child will find time for fresh air and sleep.

No youngster's sleep should suffer for his lessons' sake. Nine o'clock should be bed hour for all school children, with Friday and Saturday nights as the only possible exceptions.

The hours from the conclusion of supper to retiring time should be plenty in which to prepare lessons. Then, too, if the child comes in from play at five or half past five, should be an hour before supper in which to study.

Some people are never satisfied. Even the man who is his own worst enemy may make others.

Every Day Etiquette

"In what way does a gentleman's card differ from a lady's?" inquired Percy.

"A gentleman's card is smaller and narrower than a lady's; otherwise it is quite the same, the engraving being sometimes a trifle larger," answered his father.

Even the man with an elastic conscience is apt to kick if he has his leg pulled.

BETTER THAN CALOMEL

Thousands Have Discovered Dr. Edwards' Olive Tablets are a Harmless Substitute

Dr. Edwards' Olive Tablets—the substitute for calomel—are a mild but sure laxative, and their effect on the liver is almost instantaneous. They are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel. His efforts to banish it brought out these little olive-colored tablets.

These pleasant little tablets do the good that calomel does, but have no bad after effects. They don't injure the teeth like strong liquids or calomel. They take hold of the trouble and quickly correct it. Why cure the liver at the expense of the teeth? Calomel sometimes plays havoc with the gums. So do strong liquids. It is best not to take calomel, but to let Dr. Edwards' Olive Tablets take its place.

Most headaches, "dullness" and that lazy feeling come from constipation and a disordered liver. Take Dr. Edwards' Olive Tablets when you feel "lousy" and "heavy." Note how they "clear" clouded brain and how they "perk up" the spirit. 10c and 25c a box. All druggists.

DOCTOR SAYS NUXATED IRON WILL INCREASE STRENGTH OF DELICATE PEOPLE 200% IN TEN DAYS

In many instances—Persons have suffered untold agony for years doctoring for nervous weakness, stomach, liver or kidney disease or some other ailment when their real trouble was lack of iron in the blood.—How to tell.

New York, N. Y.—In a recent discourse Dr. E. Sauer, a well known specialist who has studied widely both in this country and Europe said: "If you were to make an actual blood test on all people who are ill you would probably be greatly astonished at the exceedingly large number who lack iron and who are ill for no other reason than the lack of iron. The moment iron is supplied all their multitude of dangerous symptoms disappear. Without iron the blood at once loses the power to change food into living tissue and therefore nothing you eat does you any good; you don't get the strength out of it. Your food merely passes through your system like corn through a mill with the rollers so wide apart that the mill can't grind. As a result of this continuous blood and nerve starvation, people become generally weakened, nervous and all run down and frequently develop all sorts of conditions. One is too thin; another is burdened with unhealthy fat; some are so weak they can hardly walk; some think they have dyspepsia, kidney or liver trouble; some can't sleep at night, others are sleepy and tired all day; some fussy and irritable; some skinny and bloodless, but all lack physical power and endurance. In such cases, it is worse than foolishness to take stimulating medicines or narcotic drugs, which only whip up your flagging vital powers for the moment, maybe at the expense of your life later on. No matter what any one tells you, if you are not strong and well, you owe it to yourself to make the following test. See how long you can work or how far you can walk without becoming tired. Next take two five-grain tablets of

PASTOR RUSSELL NOTED PREACHER DIES ON TRAIN

Canadian, Texas, Nov. 1.—Charles Taze Russell, known as "Pastor" Russell, an independent minister, editor of the Watch Tower and prominent author of studies on the scriptures, died at 2:30 o'clock yesterday afternoon on an Atchison, Topeka & Santa Fe train enroute from Los Angeles to New York. Heart disease was given as the cause.

Pastor Russell complained of feeling ill after leaving Los Angeles, his secretary said, and gradually grew worse. The end came while the train was stopped at Pampa, Texas, near here. The body is being sent to Kansas City, Mo.

He was born in Pittsburgh, Feb. 16, 1852. He was president of the Watch Tower Bible and Tract Society of Pennsylvania, the International Bible Students' Association of London, and the People's Pulpit Association of New York.

RELIGION NOT NEW. (Associated Press Telegram.)

New York. —"Pastor" Charles Russell, 65, who died yesterday in Texas on a train that was bringing him back to his work in New York, stood for more than a quarter of a century a unique figure among the ministers of all sects and creeds. He belonged to no denomination and attracted widespread attention through his varied activities and methods of publicity.

He was pastor of churches all over the country and traveled nearly 30,000 miles each year in pursuance of his duties, but made his headquarters at his tabernacle in Brooklyn. He always disclaimed being the founder of a new religion and said he based his preachings only on the Bible. In 1914, his sermons were printed in 1400 newspapers throughout the country. He was the author of a series of books on scripture study of which it was said, several hundred thousand copies were printed each year.

Pastor Russell was the head of the International Bible Students Association, a branch of which is located here, holding services each Sunday in the Welsh church building in Elmwood avenue. He has appeared before Newark audiences three times in the last ten or fifteen years, the last time at the Auditorium in September, 1914, when he spoke at a Sunday evening meeting. The Auditorium was packed and an overflow meeting was conducted in the Assembly room of the court house where Pastor Russell talked briefly after the Auditorium meeting.

For more than a year Pastor Russell's sermons appeared weekly in the Advocate.

NOTICE TO PUBLIC

By Licking County Life Underwriters Association—Be Sure to Heed This Warning.

The out-of-town representatives of a Western Life Insurance Company are operating in Newark and Licking County, and grossly misrepresenting their contracts of insurance to the public. Their working slogan seems to be "anything to get the business and get away with it," and they don't live in Licking County and can not be held accountable in the future for their misstatements.

Here is a sample of the misstatement: In one specific instance they quoted a whole life rate to a prospective purchaser and represented it to him that the policy would mature in sixteen years. Such statement as this is absolutely untrue, and had it not been that a local insurance solicitor called upon the same man the out-of-towner would have got the application, and great disappointment would have been in store for the insured in the future, and a straight-forward life insurance man would have been discredited.

Mr. and Mrs. Lloyd Thatcher and children of St. Louisville, Mr. and Mrs. Leonard Mason and family of Homer and F. V. Harper were entertained at the home of Mr. and Mrs. W. A. Whissen, Sunday.

JOBS OBTAINED BY NEW BUREAU; OTHERS WANTED

More than sixty persons have registered applications with the new employment bureau of the Chamber of Commerce and a number of them have obtained positions. The applicants desire employment ranging from work in factories to clerks, canvassers, seamstresses, stenographers, skilled and general laborers.

The proprietor of a restaurant called at the Chamber of Commerce headquarters yesterday and obtained the names of a number of women who might be adapted for service as waitresses or attendants.

Another call came from a manufacturer who was in need of a man to do some odd jobs for whom permanent employment can be found.

Later in the day two women with families called to obtain work of a light nature which would enable them to clothe their children and keep them in school. They both have husbands in ill health and they are willing to do any kind of work in addition to the care of their household. Both have had experience at canvassing. One will do ironing or sewing for private families and can alter garments. Their names can be obtained on application at Chamber headquarters.

"The Chamber of Commerce is doing a practical work in the establishment of an employment bureau," said a prominent business man yesterday. "and Newark has long needed an institution of this kind. There are odds and ends of jobs to be filled every day by persons who need employment but do not know how to find it. By the establishment of a central bureau of the kind, the public is educated when in need of work to apply to the Chamber and likewise firms needing help can very often in a short time have their special labor needs filled. To my mind this is real community work and will convince the people that the Chamber of Commerce is of real service to Newark."

No, Maude dear, the armless wonder who plays the violin with his feet doesn't necessarily have to have bow legs.

TWO U-BOATS

ATTACKED MARINA ACCORDING TO STORIES OF SURVIVORS LANDED AT CORK.

Second Torpedo Broke Ship Into Two Parts and She Went Down Almost Instantly.

Cork, via London, Nov. 1.—Fifteen Americans who reached Cork Tuesday night with the other members of the crew of the Marina after that steamer had been sunk by a submarine are today under the care of the American consul.

"I saw two submarines," said Robert Preston, one of the crew, "while I was getting into the boat of Mr. Smith, (the only surviving officer). The second explosion came after we were clear of the ship. The first torpedo had given the vessel a tremendous list. The second righted it and shook it from stem to stern and broke it up so that it sank immediately."

"I saw three of the crew running up the stern as the vessel gave its last tumble. Captain Browne was the coolest man on board. During the launching of the boats he saw that every man visible was in the boat then jumped for a boat himself but missed it in the rough sea and was drowned before our very eyes."

Questioned further in regard to the presence of two submarines, Preston said, "there were two plainly visible from the bridge. The first one attacked us on the starboard while the other lay off some distance to port doing observation duty."

"The ship was struck squarely in the bunkers," said Robert Hay, a member of the engine room staff. "The bunkers fell in and the engines were dismantled. Two men were killed in the stoke hole and several others were scalded."

"Three boats got away. A fourth was smashed. Orders were given to see particularly that all Americans among passengers or crew were saved. The wireless station tried to summon aid but his gear was dismantled by the first torpedo."

F. F. Smith, the only one of the Marina officers now alive, said:

"The explosion of the first torpedo threw me from a settee. I rushed up to where the boats already were being launched. We got 26 men into my boat; there were seven in the second boat."

"When we pulled away I saw Second Mate Robertson crushed to death between his boat and the listing ship. We saw several bodies in the water. After leaving the ship we had a terrible experience. The sea was rough and the weather extremely bitter. Every man, although well night perishing with cold, shock and exhaustion, took turns at the oars, until 5:30 o'clock the next morning when we were picked up."

A telegram received at the American embassy from Wesley Frost, American consul at Queenstown, gives the names of the following Americans that have been lost on the Marina: Daniel Thomas, Wilmington, Del.; J. Brown, Roanoke, Va.; ——— Brown, Charlottesville, N. C.; George Seabury, Fayetteville, N. C.; ——— House, Norfolk, Va.

Mr. Frost has procured a joint affidavit from the Americans who reached Cork Haven and a similar document from American survivors at Bear Haven. The affidavits agree that the Marina was torpedoed without warning, that the first torpedo struck on the starboard side and that the second hit the vessel twelve minutes later and was followed by a boiler explosion, the steamer sinking six minutes afterward. No Americans were killed by the boiler explosion. Those who lost their lives were drowned as the lifeboats were launched.

According to this information a submarine was emerged after the sec-

ond torpedo was fired, was seen plainly by Americans on the Marina, but did not communicate with the steamship or offer assistance to the small boats which were in deadly peril from the rough sea.

One life boat was in the water 17 hours, a second 21 hours and a third 31 hours. In this time the danger increased as the sea became rougher. The submarine did not shell the Marina.

COUGHS—COLDS—TONSILLITIS
PNEUMONIA
NEURITIS—ACUTE RHEUMATISM

Ion-o-lex Unguent is the discovery of an English scientist—it is used by many of the most prominent physicians in England—and also in the English military hospitals where it is proving wonderfully successful in cases of pneumonia, bronchitis and similar diseases.

Dr. J. H. Wilson, one of the most prominent of English physicians who has studied the use of Ion-o-lex in private practice and in the English military hospitals, writes of it:

"A large number of cases of Acute Pneumonia and Bronchitis have been treated with it, and in every case temperature has been reduced to normal within 24 hours, with rapid relief of symptoms."

Ion-o-lex Unguent is a household necessity—it is entirely harmless and is amazingly effective in cases of sore throat, croup, tonsillitis, acute rheumatism—and in furnishing almost instant relief in cases of burns, scalds, wounds, etc.

Mrs. Sheldon Spent \$1900 for Treatment Without Benefit. Finally Made Well by Lydia E. Pinkham's Vegetable Compound.

Englewood, Ill.—"While going through the Change of Life I suffered with headaches, nervousness, flashes of heat, and I suffered so much I did not know what I was doing at times. I spent \$1900 on doctors and not one did me any good. One day a lady called at my house and said she had been as sick as I was at one time, and Lydia E. Pinkham's Vegetable Compound made her well, so I took it and now I am just as well as I ever was. I cannot understand why women don't see how much pain and suffering they would escape by taking your medicine. I cannot praise it enough for it saved my life and kept me from the Insane Hospital."—Mrs. E. SHELDON, 5657 S. Halsted St., Englewood, Ill.

Physicians undoubtedly did their best, battled with this case steadily and could do no more, but often the most scientific treatment is surpassed by the medicinal properties of the good old fashioned roots and herbs contained in Lydia E. Pinkham's Vegetable Compound.

If any complication exists it pays to write the Lydia E. Pinkham Medicine Co., Lynn, Mass., for special free advice.

DISAPPOINTED SMOKERS

look in vain for tobacco which will not make mouth and throat dry and hot. They will never find it if they are heavy smokers. All tobacco smoke contains acid gases which must dry and irritate the delicate membranes unless something is done to relieve them.

Soldiers in the trenches have solved the difficulty. They have to smoke constantly because of the stench and nervous strain. They find that by washing the mouth and gargling the throat with a glass of clear water into which from five to ten drops of hypochlorite solution have been put, their mouths and throats become refreshed and cool. The wash and gargle destroy the tobacco acids which are formed by the saliva and the smoke acids.

A hypochlorite gargle will not only refresh the membranes but will kill the germs which lodge in their folds and between the teeth. In this way infections, colds, pyorrhea, mouth acids and tooth decay will be prevented—for all these are caused by germs and acids which hypochlorite destroys.

Although many times more powerful than the harmful antiseptics which contain poisons, acids, mercury or dangerous preservatives, hypochlorite is even safer than the weak and ineffective peroxides. It is clean, clear and harmless as water—but powerful. Any drugist can supply hypochlorite in 25 and 50 ct. bottles. General Laboratories, Madison, Wisconsin.

ALHAMBRA.
"The Dark Silence."
If there is one thing harder to fit to an actress than a gown, it is a story or play. When you hear anyone say that such and such a play fitted a certain star to perfection, you can rest assured that that play was written by a master genius. But of all stars hard to please with a film play, Clara Kimball Young ranks with the first. That is why she has been so long away from the screen. Her last production was "The Feast of Life," written expressly for her by Frances Marion, and now she will be seen in a story written by Paul West, called "The Dark Silence," which Miss Young personally selected because she thought it gave her enough opportunities to do extraordinary work, just the kind of work she has always been noted for.

So, then, when you see her in "The Dark Silence," it will be in one of the best film plays in which she has yet appeared. Her director, Albert Capellani, had charge of the production, and nothing was spared to make it complete in every detail. It will be shown at the Alhambra theatre on tonight and tomorrow, and is the product of the World Film Corporation.

AUDITORIUM.
"The Only Girl."
Nobody objects to good music in musical comedy—so long as Victor Herbert composes it—and even less so when Henry Blossom writes the accompanying book, as one does not easily forget the delightful contributions of fun and melody which they supplied in "Mlle. Modiste," "The Red Hill," and other works of their joint writing.

This new happy combination is a promise made in the presentation of the great musical comedy success "The Only Girl," announced to be seen at the auditorium for one performance tonight.

"The Only Girl," which has to its credit a long and successful season of one year at the Lyric theatre, New York, is filled with music that is gay, melodious, dashing and oftentimes the very best inspiration of its brilliant composer, Henry Blossom too, both in story and in its lyrics, work such quality that proves that there is still left such an article as a sane well-constructed smartly written libretto in a musical play.

"The Only Girl," will be presented with an excellent company which contains Laura Arnold, Olga Rolter, Adele Hassan, Marion Sticreaves, Nettie Velle, Ernest Torrence, Alfred Fisher, Emanuel A. Turner, Richard Bartlett, Frank Combs and a bevy of attractive show girls.

This is the same company that will play the Hartman theatre, Columbus, three days next week. The original cast, the same music and in all a first-class performance is promised Newark theatre goers.

The seat sale is quite large, but there still remains many choice reservations. Mgr. Penberg has hustled to make this engagement a successful one, for it all depends on this week's business with both "The Only Girl" and "The Melting of Molly" whether Newark can support the higher classed attractions.

Stirring War Story.

The humor and pathos of Scotch life on the plains has its part in the unfolding of the story of "The War Bride's Secret," the new William Fox picture in which Virginia Pearson is starred.

The story of the film tells how Jean McDougal, a dairy maid on the extensive farm of Robin Gray, is loved by Gray and by Colin Douglas, Jean's father encourages the love of Gray, and tries to force his daughter to marry him.

At the outbreak of the war, Colin enlists. Before he leaves, he marries Jean secretly. Later the girl hears that Colin has been killed. She realizes that she must have a father for the child for whom she has already begun to make clothes, so she marries Robin Gray.

When the child is born, the

wealthy farmer thinks it is his own. He does not realize the truth until the end, when Colin Douglas returns to the village. He had been merely wounded in the war, and as soon as he can get away, he returned to Jean.

Gray discovers the truth of Jean's relationship with Colin, and he leaves her with her real husband.

"I've made provision that the farm goes to the father," he says. God bless ye all."

This feature together with "The Feast of Life," written expressly for her by Frances Marion, and now she will be seen in a story written by Paul West, called "The Dark Silence," which Miss Young personally selected because she thought it gave her enough opportunities to do extraordinary work, just the kind of work she has always been noted for.

So, then, when you see her in "The Dark Silence," it will be in one of the best film plays in which she has yet appeared. Her director, Albert Capellani, had charge of the production, and nothing was spared to make it complete in every detail. It will be shown at the Alhambra theatre on tonight and tomorrow, and is the product of the World Film Corporation.

Miss Irene Franklin, advance man, Branch O'Brien, who is heralding the approach engagement here of the "American comedienne," in her latest starring vehicle, "The Melting of Molly," was talking 'shop' in the lounge of the Warden hotel last night, and in due time waxed most enthusiastic over the qualifi-

cations of Miss Franklin. Mr. O'Brien, was nothing, if not earnest, so that must account for his enthusiasm.

"The engagement of Miss Franklin at the Auditorium brings prominently before the Newark public a young woman who promises to always shine in the years to come as a woman worthy of success, hard fought for and well earned, through ability rather than sensational circumstances. Miss Franklin is a

for a small amount of money will be well pleased when paying a visit to the Cazy. Matinees daily at 2:30. Any seat in the house 10 cents. Night performance 7:30 and 9 o'clock. Prices 10 and 20 cents.

WILL PRODUCE A LOCAL PICTURE FOR AUDITORIUM

The Auditorium, as per previous announcements, is going to make a local motion picture of childhood days and show it at the theatre later.

The boys and girls who are to take part will be selected from local talent and already the excitement is quite keen as to who will be selected for the leading roles. Votes will be taken on who is to be selected, a coupon now running in this paper can be used, or one can be had from the theatre. Scenes of different parts of Newark which will embrace some of the schools, also city buildings and prominent homes of Newark people, will be taken. The name of the picture will be called "Two School Days."

The Melting Film Co., who took a picture in Newark last year, will take this one also and are expected in Newark within the next few days. The story is sure to prove interesting and both children and grown-ups will be pleased as it will recall the long ago when they "were" traveling the path that led them through the various experiences that so toward manhood and womanhood.

It's a good plan to climb upward. The next best thing is to be on the level.

young woman of brains, beauty, grace and ambition. She has won her way fairly, to her present position, by hard work.

She has natural, dramatic genius, a cultivated mind, a clear and full rounded voice, and a grace that easily fits her for the ideal stage. In a marked degree she has that psychological power possessed by a number of former noted women of the stage, the power of making the spectator see the picture as she sees it, and to be exulted as she is exalted. Under her mystic spell one finds one self in what seems a new world illuminated by the light of her genius, and for a time one imagines the mimic scene, the real world in which one is living. Her effort is concealed, as in good music, and her art is lost in harmony.

Miss Franklin's engagement is for next Saturday evening.

"The Charming Widows."

A new two-act burlesque in eight scenes will be presented by the "Charming Widows" the big musical production which is booked for the Auditorium theatre, beginning with a matinee performance on Monday next. The show is new in every respect and is handsomely mounted with new scenery, pretty costumes and novel electrical effects. The presenting company includes such well known funmakers as Eddie Dale, Jimmie Cooper, Sam Carlton and Harry Peterson, while the feminine contingent includes Ada Lum, Connie Fuller, Babe Ray, Helen Stanley and a chorus of twenty pretty girls. Kyra and a corps de ballet in a series of classical dances will be the special attraction. Seat sale, Friday morning.

"Fair and Warner."

Avery Hopwood, master of farce, ran his own record up with "Fair and Warner," the bubbling, hilarious farce which Selwyn & Company will present at the Auditorium matinee and evening on election day.

Mr. Hopwood's admirers, dating from "Seven Days" and "Nobody's Widow," two great successes of former seasons, found in his latest work the same sparkle of line and cleverness of characterization which had graced the others, with an added ludicrousness of situation. The scene built around the inept making of a cocktail puts its audience practically into hysterics.

The long New York run of the piece, with its thousands of out-of-town visitors, spread the fame of "Fair and Warner" all over the country and created a vigorous demand for it. This most uproarious of farces had its welcome waiting for it in every city, town and village of the whole country, before it ever left New York.

Selwyn and Company send it here with an excellent company of farceurs. Seats on sale Saturday.

KOZY THEATRE.

There will be an entire change of program today at the Kozy theatre. "The Impostors" is the title of the playlet, a musical farce in one act, with an entire change of scenery, costumes and singing and dancing numbers. Hep Meyers and Billy Boring will be the feature comedians. Wentworth and young Mr. Gracey will have a musical specialty to offer and any one looking for a large amount of real amusement

Charles Metro, Turk Wrestler Parades Streets in Turkish Costume—Says He'll Win.

Charles Metro, the "terrible Turk" wrestler, who makes Boston Mass., his home, although strongly in favor of President Woodrow Wilson's "keep out of war" policy, and anxious to affiliate himself with the United States, as a citizen never-the-less still is loyal to the land of his birth.

And whenever Metro appears for a match, either in Boston or away from home, he insists upon appearing in the costume of his native land.

CHARLES METRO
ing in the costume of his native land. That is why Newark citizens for the past two days have seen a short, well developed dark skin individual parading the streets in Turkish costume.

Monday night many masqueraders were on the streets enroute to attend masquerade functions in various parts of the city and several times, Metro was mistaken for one of the fun makers. But on each occasion he was rescued from his predicament by his manager, Billy Richey. Metro and his manager are on the road early every morning and both express confidence of causing Paul Bowser's defeat Thursday night.

The Bowser-Metro match will open the wrestling season in Newark, which will continue for five months. Bowser, the world's champion middleweight grappler is putting on the

finishing touches for his bout and expects to be faster and stronger than ever.
The seat sale opened yesterday morning at the Auditorium box office at 10 o'clock and there was a line of eager fans waiting to get the choice seats. The advance sale for Thursday night's bout indicates a sell out of seats and a better season for the mat sport than that enjoyed last year.
An excellent preliminary card has been arranged which will bring the city's best amateur wrestlers into action.

Casualties Among
Cottontails Equals
War Zone Slaughter

The rabbit season opened today and hundreds of Newark hunters started for the country before daylight. The first interurban cars out in both directions were crowded to capacity and the early trains over the steam roads also carried scores of hunters. Taxi cabs were in demand and hunters owning their own machines were very popular with their nimrod friends.

Rabbits are very plentiful this year all over the county. A person could hardly drive along any of the country roads after sundown without seeing a half dozen playing along the roadside. There will not be as many hundreds in the field as in former years owing to the advance in ammunition.

The open season will last until January 1st and all hunters must have a license issued this year and must carry it at all times while hunting and show it to any person who desires to see it. Landowners and tenants or their children do not have to obtain licenses for their own land or the land over which they have control. Game wardens have been instructed to examine game bags in order to be sure that quail are not being shot.

Every hunter should seek the permission of land owners or tenants before hunting on their lands and counties should be shown to land owners at all times. Hunters should be careful to close all gates and not shoot near stock.

LLOYD FOUND
TELLS TALE OF
SHIP'S SINKING.

London Nov. 1.—A Lloyds dispatch from Newquay, Cornwall, says that a ship's life boat, marked A. D. Davidson, has been washed ashore at Perrenporth. The latest report of the steamship A. D. Davidson is of her departure from Montreal Oct. 4 for Havre. The A. D. Davidson was much overdue and the news that the lifeboat had been picked up caused the rate of reinsurance to rise to 70 guineas per cent.

NEWARK STARS
WILL PERFORM
HERE SUNDAY

Both Zanesville and McDaniel's Leading for Game at Mount- builders Park.

"Hit 'em low"—"get in there"—"I'll take 'er," were the cries which echoed through the Music Hall last night reminding the outsider of the days when he used to chase a pig-skin over piles of tin cans and rubbish in the back lot in an effort to get conditioned for the Saturday afternoon football game.

The McDaniel gladiators were practicing for Sunday's game at Mountbuilders Park with the all-star aggregation of Zanesville footballers. Stinging under the defeat of last Sunday at Columbus, the locals all turned out for practice and worked hard for over an hour running through signal work and perfecting some new trick plays for Sunday.

Word that Zanesville was leading with all the stars in their city for the Sunday game reached Newark yesterday and spurred the "Mac's" determination to cop Sunday's contest. As a result the players reported for practice and the subs were just as anxious to run through the work as the regulars.

Newark's lineup for this game also will be an all-star bunch. Paul Bowser will again play with the McDaniel's, as will Jackson, the Chicago star end, "Dutch" Pfeiffer of Zanesville, Malley of Mansfield and John McCarty one of the best gridiron men ever turned out of this city. The fans will be out in force to see McDaniel's stars perform again and to tell the Zanesville fans why the Licking river refuses to run through Zanesville.

The game will be called promptly at 2 30 o'clock and will be finished in time for the fans to get home before dark.

TWO AMERICANS
KILLED IN FRANCE
DURING FIGHT.

(Associated Press Telegram)
Paris, Nov. 1.—Two American aviators have been killed near Nancy according to a dispatch received here from that city. The dispatch gives no further details.

The Maun says that the airplane containing the two Americans, captured while flying over Bouconville plateau near Nancy. The observer fell out and the pilot who came down with the machine was crushed to death under the engine.

Actions speak louder than words, but some people don't make much noise with either.

FITZ TEAM PLAYS
REXALLS FOR
140 POUND TITLE

The Fitzsimmons management announces that it has booked the Rexalls for a Sunday game at Wehrle Park. This game will be played for the 140 pound championship of Central Ohio and winner will take all of the gate receipts.

This game promises to develop into a battle royal as neither team has been defeated this year and are both the strongest contenders for the title in their class.

The Fitz team came out of the game last Sunday without an injury outside of a little soreness and will be in the best of shape to battle for the championship honors. Coach Davis requests all players to report for practice Thursday night, 7 30 at Sixth and West Main streets.

E. W. MINARD NOW

But He Slept Only Five Hours a Night Before Nerv-Worth Came to the Rescue.

Mansfield is one of the Ohio Cities where Nerv-Worth was recently demonstrated and sales of the remedy have been quickly followed by the inevitable written and signed endorsements. Here is one of that kind, given by E. W. Minard a well known farmer of Belleville, near Mansfield.

"I want to say something about Nerv-Worth. I have had trouble in getting my rest at night. Could not sleep. Would get about four or five hours' sleep. Tired in the morning when I'd get up. Nervousness, which caused weakness and pains about my heart. Poor appetite, no ambition. I have taken about one bottle of Nerv-Worth. Things are much better with me now. I sleep. Appetite good. Rested in the morning. SLEEP TILL THE ALARM CLOCK GOES OFF—ABOUT 8 HOURS. I'm better in every way. I recommend Nerv-Worth to anybody."

Mr. Voter

The names of all candidates for
 Probate Judge will appear on the
 same separate non-partisan judicial
 ticket. The term is FOUR YEARS
 and the salary is \$2,500 per year.
 If elected I will not be a candidate
 to succeed myself. If record and
 attitude toward public welfare ac-
 ceptable, and affairs meet with
 your approval and if you think I
 am the kind of a man to be elected to
 the office that is closest to home
 and humanity, lay aside all prej-
 udice and vote accordingly.
 Yours Truly,
 Andrew S. Mitchell

Morning Prayer Service.

Woodside prayer meeting will be
 held at the home of Mrs. Nicholas in
 108 Eleventh street on Thursday
 morning at 9 o'clock. Leader, Mrs.
 John Burrell.

Is Great Grandpa.
 Samuel King, 12 South Fourth
 street, this morning received a letter
 from his grandson, David Levy, of
 St. Louis, Mo., stating that Mr. King
 was now a great grandpa. Mr. King
 now has eight grandchildren and one
 great grandson.

Who Has The Steps?
 Patrick Flanigan, the North Fourth
 street baker, missed the steps, lead-
 ing to his porch when he arose early
 this morning and not being a high
 jumper was forced to use a step lad-
 der to reach the pavement. Mr.
 Flanigan called up his friend, Dr.
 J. T. Lewis and requested that he re-
 turn the steps at once but the doctor
 denied all knowledge of the same.
 The popular and good looking bak-
 er, who is still a bachelor, offers a
 dozen fancy cookies for any informa-
 tion which will lead to the recovery
 of his property.

Taken to Hospital.
 Frank McQueen, formerly employ-
 ed at the Murphy transfer barn in
 South Third street, suffered an at-
 tack of vertigo this morning in
 South Second street. He was remov-
 ed to the City Hospital in the Criss
 Brothers ambulance.

Underwent Operation.
 Howard Workman, son of Mr. and
 Mrs. Joseph Workman, 76 Prospect
 street, was removed to the City Hos-
 pital last night in Bradley's am-
 bulance where he underwent an opera-
 tion for appendicitis.

Traffic Bureau Meeting.
 The traffic committee of the
 Chamber of Commerce met at the
 Chamber last evening and discussed
 further plans for the operation of
 the bureau.

To Give Minstrel.
 The Coshocton Elks will give a
 minstrel in the near future that will
 eclipse anything ever before at-
 tempted in that city. The mount-
 ains will be on an elaborate scale,
 better than that ever carried by
 any professional organization. The
 costumes will be worn for the first
 time and all special scenery will be
 used, the electrical effects coming
 direct from one of the large eastern
 producing companies. The talent
 embrace the best to be secured
 among Coshocton's many talented
 young men.

Celebrated Birthday.
 In celebration of his natal anni-
 versary Ott Vogelmeier served deli-
 cious turtle soup to his many
 friends at his place of business, cor-
 ner South Fourth and Railroad
 streets. Music was furnished by
 the Flee Quartet and all present
 report an enjoyable evening.

Minstrel Galore.
 Newark was always noted as a
 good minstrel town but it must be
 growing in popular favor judging
 from the many organizations wiring
 in for dates. Manager George M.
 Fenberg has had several queries but
 has been forced to turn them down,
 owing to the fact that three com-
 panies are already booked for the
 present season. The first minstrel
 to show here this season was John
 W. Vogel and it was followed by
 Neil O'Brien. The next was the K.
 of C. minstrel last Thursday evening.
 The Eagles will give a minstrel Dec.
 14 and 15; Al. G. Fields will be here
 Dec. 28 and the annual Elk minstrel
 is booked for Feb. 14 and 15.

No Matinee Saturday.
 Owing to the fact that the Irene
 Franklin company will not get here
 until late in the afternoon there will
 be no matinee at the Auditorium for
 the "Meeting of Molly." Miss Frank-
 lin's company plays four one night
 stands between New York City and
 Chicago, and Newark is one of the
 favored. The company jumps from
 Johnstown, Pa., to this city, it being
 a ten hours' trip over the Pennsylv-
 ania railway. Miss Franklin and
 company will undoubtedly play to
 capacity business.

Police Smoke Cigarettes.
 John Mullen ("Peanut John.")
 writes from Macon, Ga., that he is
 enjoying the delightful southern
 weather and doing a rushing busi-
 ness with his various concessions on
 his carnival time. John states that
 the kids are all running barefoot
 and that policemen on their beats
 smoke cigarettes. He expects to play
 all the big southern cities before re-
 turning to Newark.

Class Meeting.
 The Good Samaritan Bible class
 at the West Side Church of Christ
 will meet at the home of Mrs. Perry
 Armstrong, 33 North Williams street
 Thursday afternoon at 2 o'clock.

Child Seriously Ill.
 Elizabeth, the three year old
 daughter of Mr. and Mrs. John
 Evans is seriously ill at her home in
 Spencer street suffering with scarlet
 fever.

Same Old Price.
 E. J. Maurath, coal dealer in
 South Fourth street, stated to an
 Advocate representative today that

**Every Night

he has not sold a ton of coal this
 season in advance of \$5 per ton. Mr.
 Maurath states that he still has 200
 tons on hand and that the price is
 still \$5 per ton, even if the price has
 advanced at the mines.

Takes New Position.
 Henry Reber, who has been sta-
 tionary engineer at the Newark Ohio
 Furniture company for over nine
 years has resigned his position with
 that company and accepted a similar
 position at the American Bottle com-
 pany.

**Miss Mary Stump of South Fifth
 street has taken a position in the
 Haynes Brothers jewelry store.**
Move in New Home.
 Mr. and Mrs. August Hess have
 moved into their beautiful new home
 in North Fourth street.

 Candidate for Probate Judge on the
 Non-Partisan Judicial Ticket. Vote
 for him.** 9-26-d-1mo

START WORK ON SHORT ROAD TO ROLLING MILLS

As a result of an active campaign
 carried on for the past several
 months by the Industrial Bureau of
 the Chamber of Commerce, of which
 committee Ralph Wyeth is chairman,
 work was begun today on the con-
 struction of a 40-foot road west of
 the city which will connect with the
 Buckeye Rolling Mill and Wint-
 ermute street.

Phil Vogelmeier, contractor begin
 the construction of the road this
 morning and with good weather ex-
 pects to complete within two weeks.
 The road will start at the Cherry
 Valley road, extend south to the
 Buckeye Rolling Mill company's
 plant for a short distance and then
 southwest to Wintermute street.

The County Commissioners, the
 township trustees and the Chamber
 of Commerce are back of the project.
 The Chamber of Commerce will con-
 struct a cement sidewalk from the
 Cherry Valley road to the Rolling
 mill for the use of the employees of
 the plant.

Should the weather prevent the
 construction of the walk, cinders will
 be laid until spring.

VANATTA GRANGE MEMBERS WILL TAKE UP BUREAU

Farmers residing in the vicinity of
 Vanatta are being notified to attend
 the big meeting Friday night in
 Grange hall, Vanatta, when the Lick-
 ing county farm bureau proposition
 will be explained.

The farmers in that community
 will be asked to lend their co-opera-
 tion in the movement to secure the
 number of farmers necessary to or-
 ganize the farm association perma-
 nently.
 William C. Hall, chairman of the
 temporary organization of the Lick-
 ing county farm bureau association;
 Homer C. Price, chairman of the
 Chamber of Commerce agricultural
 bureau, officers of the county asso-
 ciation and Messrs. A. A. Stasel,
 John Krieg and J. S. Graham, mem-
 bers of the agricultural bureau, will
 attend the meeting to explain the
 movement now on to organize the
 farmers of this county.

This is the first of a series of
 meetings to be held in various parts
 of the county for the purpose of fol-
 lowing up the action endorsed at the
 meeting here a week ago, to promote
 agricultural education in this com-
 munity.

All the farmers in the vicinity of
 Vanatta village are earnestly request-
 ed to attend the meeting Friday
 night.

MORE BOUQUETS FOR MR. MOSSER ON NEW BULLETIN

George H. Mosser, manager of the
 Chamber of Commerce, has received
 a number of complimentary letters
 from chamber of commerce organi-
 zations throughout the country rela-
 tive to the recent publication of the
 "Newark Buckeye." But one of the
 best was received this morning from
 William Kennedy, secretary of the
 Joliet Association of Commerce and
 a director of the National Chamber
 of Commerce Secretaries Association.
 "I'm so impressed with the 'New-
 ark Buckeye' that I'm going to copy
 the size and general layout of the
 affair. Imitation you know is the
 sincerest form of flattery. I have
 sent the copy I had to the artist en-
 gravers in Chicago. Will you send
 me three or four more copies of the
 Bulletin?"

Letters highly complimentary to
 the "Newark Buckeye" and asking
 that reciprocal relations be estab-
 lished with the local chamber have
 been received from over 100 chamber
 of commerce organizations.
 Several hundred issues of the
 book published several years ago
 containing illustrations of Newark,
 can now be secured upon application
 at the Chamber of Commerce.

HAFFER MAKES SECOND EFFORT TO ESCAPE LAW

Gilbert Haffer, aged 26 years, who
 yesterday afternoon jumped into the
 jailcell by making a spectacular
 dash through the W. H. Mazy dry
 goods store with a tray of rings, and
 who later tried to bribe the arrest-
 ing officer, this morning at the city
 prison, made another attempt to es-
 cape from the law.

Haffer on the way from his cell to
 the court room had to pass the front
 door of the building. He leaped for
 the door but Officer Francis and
 Chief Sheridan grabbed him. When
 arraigned before Mayor Nieber, Haffer
 pleaded guilty to stealing the
 tray and was held to the grand jury
 in the sum of \$300.

Another boy arrested in connec-
 tion with the case was turned over
 to the juvenile court.
 Harry Dunn arrested on a charge
 of assaulting a child, asked for a
 continuance to Saturday afternoon at
 2 o'clock. Three plain drunks were
 each given the usual fine of \$5 and
 costs.

Readers' Viewpoint

Editor of the Advocate.
 I want to say to the comrades of the G. A. R. and U. V. L., that I want you to stand by the man who has stood by us and the dear old widows of our departed brothers. He has done more for us than any other congressman. So, on November 7 put the cross in front of the name of William A. Ashbrook, our true friend.
 He is ready at all times to work for our interest. The Democrats have given us a good pension commissioner in the person of Comrade Saltzgeber. I have had hundreds of claims before him and his decisions have always been according to law and the evidence.
 I am a Republican but believe in rendering honor to whom honor is due.

HILL FOR REPRESENTATIVE.
 Editor of The Advocate:
 James J. Hill of Johnstown, Democratic candidate for Representative from Licking county, would fill that position with credit to his county and the state. Mr. Hill is a man who would safeguard the taxpayers' interest as he does not believe in taxing a man \$2 when \$1 will do. The record of the last session of the Legislature shows plainly where the present Representative stands in reference to the workmen's compensation law and other matters affecting the interests of the great mass of people. James J. Hill, 33 years a justice of the peace, has demonstrated by his record that he is a friend of the common people, that he is ready at any time to help one in trouble. Mr. Hill's record is straightforward and clean. He is a man upon whom dependence may be placed. Always appreciative of a favor, he will be grateful to all who place an X mark to the left of his name on the Democratic ticket next Tuesday.

CORRECTION

The voters will not be fooled by the false and misleading statements published in The Advocate of October 21st in which it is claimed that Robbins Hunter is a candidate for second term.

The voters well know that Robbins Hunter made his campaign four years ago solely upon the claim made by him that he was then a candidate for his second term, and upon his personal promise made to leading Democrats that if elected in 1912, he would not again be a candidate.

In 1912 Mr. Hunter published in the newspapers and on cards the following language: "I am NOW a candidate for my SECOND TERM. I was elected by the people and am NOW holding the office by virtue of this election as my FIRST ELECTIVE TERM."

He was after that elected the second time, and his second elective term will expire in February, 1917. How many second terms, in succession, can one man have for the same office?

A Liberal Offer By Licking Creamery Company

To the Users of Milk and Cream From Its Retail Wagons.

The Licking Creamery Company begs to announce that until further notice it will make a regular monthly award of two (2) \$1.00 sheets of milk tickets upon each of its retail milk wagon routes to private consumers of milk and cream throughout the city.

The awards will be made on the 15th day of each month.

A duplicate receipt stub from every sheet of tickets sold during the preceding month will be placed in a box from which the stubs to receive awards will be drawn by a disinterested party. Each route will be handled separately.

THERE IS BUT ONE CONDITION QUALIFYING THESE AWARDS.

All competitors must have their accounts with the Licking Creamery Company paid in full for the month preceding the one in which any given drawing occurs.

In other words, should a duplicate of one of your ticket receipt stubs be drawn on the 15th of one month it would not receive an award unless your account was paid in full for the month preceding.

This is absolutely the only requirement made, thereby characterizing this proposition as being extremely clean cut and liberal.

We hope it will please the public. Watch for the next drawing. Your name may be among the fortunate ones to be announced in the papers following the next drawing.

MISSIONARIES

OF AMERICAN CHURCHES WILL AID IN RESTORING BATTLE TORN COUNTRIES.

Dr. Charles S. Patton Discusses
Great Work of These People in
Nation Ravaged By War.

That the American and English missionaries will have a large part in the reconstruction of that part of the world which has been torn by battle, is the belief of Dr. Charles S. Patton of Columbus, who spoke last night at the closing session of the Central Ohio Congregational churches at the convention held at Plymouth Congregational church. Dr. Patton declared that hundreds of these missionaries have stuck to their posts in foreign lands while all was turmoil about them, against the advice of government officials, simply because they were wrapped up in the work they were doing and could not voluntarily leave those who needed their help.

Dr. Patton, who succeeded Dr. Washington Gladstone, well known Columbus minister, spoke on the subject, "The World in Ferment."

He reviewed the situation in Europe, Asia and Africa showing the effects of the great conflict. Then he spoke of the part that the American missionaries are playing in the work there during the war and the part they will have when peace has come and these warring nations begin the difficult task of reconstructing their battle torn lands.

He said in part: "For one hundred years a stream of men and women has been pouring out of America into many parts of the world. These men have not gone for money nor for pleasure nor for any personal gain. They have been high minded, unselfish, idealistic, educated. They have been men and women in their prime, just out of college, the medical, theological and other schools. A hundred years ago, when this stream began, these people were clergymen and they went to preach the gospel. As time went on their qualifications and labors became diversified. Now they are not merely preachers, but teachers, doctors, nurses, scholars, translators, settlement workers, printers, builders, administrators, representatives all of them of the better, the higher the more idealistic and more Christian side of our American civilization.

"Six or seven thousand of them are out there now, nine out of ten of them in exactly those parts of the world where this ferment is stirring, and that they should be there and there at this time, I understand to be one of the most important facts I know of.

"There are 68 of our own people in Africa. They are doctors, like McCord of Durban, graduate of Oberlin College and Rush Medical school, and with as nice a private little hospital in the city of Durban as can be found anywhere in America. And there are 60 more of them from Oberlin, Beloit, Cornell, and other colleges, most of them graduated and gone out within the last 10 or 15 years. And now just when Mohammedanism out of the general ferment further north, is pushing south to meet them America who has no interest in Africa, except to help her, has these representatives of Christian civilization there for that purpose. One American last year was so impressed with all this that he made our mission in Johannesburg a present of \$20,000. The mission uses it among the Zulus.

"In 1912 a German by the name of Maas took out his first naturalization papers and enlisted under the American board in the Marshall Islands, then under control of the Germans. The board advised him not to complete his naturalization but to remain a German subject. Germans in Berlin were so pleased with all this that they sent 3,000 marks from the Kaiser's fund to the American board and made plans to send a German assistant to Mr. Maas. Then came the war. The Marshall Islands passed over to Japan, and now observe—it is typical of American education and conditions, of German descent, and representing both Germany and America and Christianity in a Japanese province—could Province itself give a man a better equipment to use when the present world ferment dies down.

"China may seem outside the world ferment but she is not and will not be for many years, and to help her through it and out of it, we have there, I do not know how many American missionaries, but from our own church 180. Of these 180 every one without exception is a college graduate. 123 have gone to their work within the last 15 years. The kind of work they do is indicated by the fact that this last year the Rockefeller foundation for sending three deputations to China to study it recommended the establishment of a medical school intended to equal any college in the world.

"In Japan we come nearer to the ferment, for Japan in a way is in it. Twenty years ago she was not reckoned of any consequence by any white nations, she could be snubbed and mistreated at will, and now she has entered on an equality the family of first class powers, and is an ally to the greatest empire and the greatest alliance of nations in the world.

"Japan is awake, she wants western medicine, western science, philosophy and civilization. She is also looking for a religion. Russia whom she fought a few years ago and Germany and Austria whom she is helping to fight now are Christians, but she will not learn of them. France is Catholic and cannot teach her much. If she learns Christianity it must be from English and American sources. Now is our chance with her.

"No missionary work has ever been done in Russia, but by a turn of the war four American board stations, that used to be in Turkey have suddenly found themselves in Russia. From the Russian government

the missionaries have met only the most cordial and friendly treatment. The officials put into the hands of our eleven missionaries last fall a considerable sum of money for the relief of the Armenians. After a hundred years of missionary labor during which it was never thought of entering Russia four mission stations have just dropped into Russia.

"In the Balkans, where the war broke out and where the ferment of it is still the hottest we might picture the contending hosts saying this is no time nor place for you. It is exactly what has not happened. The missionaries were never so well treated. Their schools were never so full, they never had so much to do. I suppose it is partly because they do not attempt the absurd, as for instance to stop the war.

"The Turk has driven some of the missionaries from his country. Others have been called home for their furloughs, now and be ready to go back when a period of reconstruction comes. Except for those who have been driven out, or come on a furlough or released by death not one has left his post.

"This is a simple story, as there is on the part of those who are enacting scenes no consciousness of heroism, so I have made no effort to make it dramatic in telling it, but of what stuff these people are made you can judge for yourself.

"Soon after his return to America Ambassador Morgenthau was making a speech in Poughkeepsie, N. Y., when a voice from the crowd asked, 'how about our missionaries in Turkey?' Mr. Morgenthau replied: 'When the story of the heroes and heroines of this war is written, at the head of a long list of saints will stand the missionaries who have remained in Turkey and given themselves and lives to the cause they serve.'

"At the American Board meeting in Toledo the other day I listened for one word of discouragement or misgiving at any time and did not hear it. They talked like men and women who are not accustomed to being beaten. Every word was a word of courage as it fell from their lips.

"But one word over and over smote my ear, now from one and now from another—it was the word 'reconstruction' there was going to be a reconstruction in all these lands. A reconstruction in which the principles of Christianity can be embodied. In this reconstruction I have heard many men ask how America can play some worthy part.

"God may give us to play some part officially. May call us to sit as umpire or referee, may give it to our congress or to our President to say some deciding or healing word. But whether he does or not I know that when reconstruction is effected it will be found that no men or women of America have done more to effect it than those men or women who for the cause of our common humanity are even now working for it, in the darkest parts of the earth."

Afternoon Session.
Dr. Patton was preceded on the evening program by Rev. David F. Brent of the Eastwood church of Columbus, who spoke on the subject, "Our Response to the Challenge of the Centenary Program."

Tuesday afternoon the program was featured by two interesting addresses, one by Mrs. Sidney Gulick who has spent years in Japan.

Business and reports of the various committees took up the first hour during the afternoon. The nominating committee reported the election of Rev. Oliver Clyde Weist of Columbus as a member of the committee on state work. Two new members were named on the committee on benevolence, Rev. M. S. Freeman of Mt. Vernon and Rev. W. C. Warren of Columbus.

An invitation for the place of next meeting was extended by the Mayflower church of Columbus and the invitation was accepted.

Rev. Elmer H. Johnson of the Mayflower church, Columbus, spoke on "The Attainment of Two Million a Year for Missions." He told of the various benevolences, and how it was desired to raise \$2,000,000. The various plans for collecting the money were shown, and an every member campaign was especially favored by Mr. Johnson.

A Mr. Ryan, who returned from Constantinople last March was given a few minutes in which to address the assembly. He is a representative of the National commission of Armenian and Assyrian Relief, and told of how an effort was being made to relieve the unbelievable and unheard of tortures and sufferings resulting from the terrible Armenian massacre. It is desired to raise \$1,000,000 for relief of these people.

The principal speaker of the afternoon was Mrs. Sidney L. Gulick, wife of the representative of the federal council of all the Protestant churches of America. Mrs. Gulick with her husband has spent twenty years in Japan, and her talk treated mostly of the relations between this country and Japan. And at the conclusion of her address a resolution petitioning three things was presented and accepted and will be forwarded to the President and the United States Congress.

The resolutions petitioned for first, proper federal protection for aliens. Second, a comprehensive immigration and Americanization policy and program. Third, an Asiatic policy that recognizes the new conditions in Japan and China.

Mrs. Gulick told how little the people of this country and the people of Japan understood each other, and how what we needed most to

prevent a conflict with that country was to treat them fairly. They feel that they are being discriminated against, and justly so, Mrs. Gulick said.

"To do the best work, we must work together. We hear so much about co-operation, and that accomplishes so much more than the individual effort.

"There is one pressing work, and coming from Japan, I realize we are on the brink. We hear a great deal about the American-Japan problem. It means that we are not dealing justly with all men."

Mrs. Gulick said the United States was not living up to the meaning of her treaties and that it was the people of the United States who must uphold the moral obligation to Japan. She told of how immigration should be regulated, and not made discriminately. How the aliens in

the country should be protected, and her address concluded with a reference to a plan which her husband had submitted as a way out of the difficulty. Later the resolutions to petition congress were passed by the meeting.

The afternoon closed with an interesting address on "The Women in Early Pilgrim History," by Rev. Mrs. Elizabeth T. Howland of the Plymouth church at Chillicothe. Mrs. Howland spoke on the Pilgrim women in fiction and dwelt on their charming characteristics.

"What, broke? why, the last time I saw you you told me you were on the road to fortune."
